## PROJECTS

### Self Sky

This project includes user information and it can store various site passwords of users, also they can generate their password and can store it in this system. In addition, this will save your information like email IDs, notes with date, and documents as you want. this also provides Encryption and decryption for security and end to end access.

**Technologies :** NODEJS | REST API | MONGODB | EXPRESS JS | CRYPTOGRAPHY

**Source code :**

https://github.com/jkrathod2601/SELF_SKY

### Node Developer Tools

Creating a developer tool for Node JS developer and the main purpose of this project is fast development and adding some dynamic properties like Authentication , Auto Routes , Dynamic Migrations and seeders and many more dynamic features.

**Technologies :** NODE JS | REST API | EXPRESS JS | SEQUALIZE CLI  & ORM | MySQL | JWT | PASSPORT JS | NPM

**Source code :**

https://github.com/jkrathod2601/node_developer_tools

### Corona Dashboard

information of COVID-19 cases state-wise and District-wise and day-wise with use of Google Chart API .

**Technologies :** REACT JS | REST API | BOOTSTRAP | VANILLA JS

**Source code :**

https://github.com/jkrathod2601/jp_school_flutter

**Source code (React):**

https://github.com/jkrathod2601/CORONA_REACT

### Flutter School Management App

Creating a flutter app for students ,in this app they can have multiple functionalities like, test taker , homework , events information , lecture information, Assignment section and many other functionalities.

**Technologies :** FLUTTER | DART | REST API | MySQL

**Source code:**

## EXPERIENCE

**Company Name** : Cycbercom creations
**Role** : JavaScript intern
**Period** : 1st Jan , 2022 - 31st May , 2022
**Technology** : JavaScript , Node JS , express JS , reacts JS , MySQL ,

**Company Name** : Adani Enterprises Ltd  (**current**)
**Role** : Senior Engineer
**Starting date** : 1st July , 2022
**Technology** : Google Cloud Platform , Node JS , Express JS , MySQL , React JS , Power BI

## SKILLS & PROFICIENCIES

- JavaScript | Python | Java | Sql
- ReactJS | ExpressJS | NodeJS | REST API | Flutter
- MySQL | MongoDB
- Github | Visual Studio Code | Excel | Anaconda (Jupyter) | Android Studio | Postman | Mysql Workbench
- Adaptability | Strong Work Ethics | Team-Work

## EDUCATIONAL BACKGROUND

**Government Engineering College, Bhavnagar**
B.Tech in Computer Science - 2018 - 22
CGPA - 8.51
CPI - 8.26
**Sardar Patel Education Institute ,** *Bhavnagar*
CLASS XII - 2018
PERCENTAGE - 75%
**A K Moradiya High School, Nari, Bhavnagar**
CLASS X - 2016
PERCENTAGE - 87%

## AREA OF INTERESTS

- Web Development
- Data Science
- Problem Solving
